INTERIOR DESIGN INDUSTRY CHAMPION

GREATER VANCOUVER 2025
ENTREPRENEURIAL SPIRIT LEAGUE

INTRODUCTION FOR STUDENTS

Are you a Grade 11 or 12 student with a passion for creativity? The Spirit of Haven Scholarship Competition is your chance to showcase your talent, gain industry insights, and earn a \$1,000 scholarship to support your education.

At Jessica Bremner Design, we know that well-designed spaces have the power to transform lives. This competition is an invitation to explore the art of creating spaces that matter, while unlocking your potential as a designer or creator of livable environments

PASSION IN WORK

Being passionate about what you do is more than rewarding—it's inspiring.

When you love your work, you learn faster, achieve more, and push boundaries creatively.

We believe there's something special about sharing this passion, and through this competition, we hope to ignite it in you.

We call it the Spirit of Havens.

WE BRING THE SPIRIT TO LIFE BY DISCOVERING WHAT MAKES A HOME, A HOME.

For some families, the Spirit of Haven is found in moments that blend beauty with purpose. It could be a serene reading nook where the morning sun highlights a favorite chair, offering a peaceful retreat.

This space isn't just a corner of a house; it's a reflection of who lives there, what a life well-lived means to them, and a unique puzzle piece that makes the house a home.

EACH SPACE IS A UNIQUE HAVEN

Other family's, Havens' Spirit could come out in the function of their mudroom – a space designed to transform chaos into calm and cozy.

Small yellow jackets on hooks, muddy boots in cubbies, laughter lingering in the air as the energy of an adventurous day is absorbed into the sanctuary of home.

Here, their haven is a bridge, connecting the lively buzz of the outside world to the tranquil, ordered rhythm within.

Each haven's spirit is unique, yet all share a common truth: they are **spaces where personality takes form and meets function** - life is simple and everything makes sense.

Every hallway and window, every texture and colour, comes together to reflect the people who live there. This is not just a house where people exist; it's a living portrait of a family's story.

The spirit of your haven can be felt as the breath you take in as you walk through your door and cross from the outside world into your home.

It's the one that comes out in the sigh of familiar peace we all know means, "Ah, it's so good to be home".

JESSICA BREMNER DESIGN

As Interior Designers, we have the special privilege of creating spaces like this for a living - and you can to!

The feeling we get when a family walks into their new space, takes that deep breath in and say, *"This is so us, it's perfect. Thank you."* is a reward we hope you may one day feel as well.

We invite you to submit your unique design for the Spirit of Haven Scholarship Competition. Along the way, we hope you'll find inspiration, discover your passion, and uncover the limitless potential within your creativity. Who knows? Maybe one day, we'll even work together to design spaces that bring joy to others.
